As many quartets get ready to spread the love with singing Valentines over the next few days, Capri is reflecting on what a special time of year it is for us. As many of you know, we first got together 13 years ago as a Valentines quartet. We liked the sound and each other, bought matching socks, and the rest is history. We could not think of a more appropriate time than the season of LOVE to share our feelings with all of you, and also some news. It is with four heavy, yet very thankful hearts, that Capri announces our retirement.

We have LOVED and are so thankful for the opportunities we have had as a quartet, including: making music together for 13 years, performing all over the country, competing in 8 international contests, making an 'appearance' on the Ellen show, and getting to be our "goofy" selves on stage.

We LOVE and are so very thankful for all the friends we have made since that first Valentine's day, friends who have supported us, coached us, arranged for us, cried with us and laughed with us. We LOVE and are also thankful for our truly wonderful families. Without them, we would not have been able to enjoy our precious 13 years together.

We are sad, but also excited to see what the future holds for each of us...perhaps Maggie will become a world travelling ukulele aficionado, Kate will finally find the perfect date, and Nancy and Jen will clean their rooms...who knows? In the mean time, we will be performing on a few more shows and hopefully at some parties and such, finishing our 2nd CD (...perhaps titled, Capri Di End?), and busting out a song or two whenever we happen to cross paths.

We have LOVED entertaining you! Thanks for everything. Happy Valentines Day!

Nancy, Jen, Kate and Maggie..

A night-time photograph of a city skyline, likely New York City, with numerous skyscrapers illuminated against a dark blue sky. The text "The End" is overlaid in the center in a large, yellow, serif font. In the foreground, there are some trees and a structure that looks like a playground slide or a walkway, also illuminated by city lights.
